

# Global Intake

AKE is a leading international security risk mitigation company providing a variety of fully integrated services. AKE distinguishes itself from other security services companies by taking a proactive, intelligence-led approach to assessing, monitoring, training for and protecting against risk. We assist clients in reducing their exposure to danger across a broad spectrum of risks.

AKE's Global Intake is an online strategic intelligence and information resource. Designed as an indispensable tool for professionals in the international arena, Global Intake is a secure source of current political analysis, risk assessment and prevention, security and medical advice, and practical in-country information.

- Particularly useful to anyone planning overseas projects, travelling and for monitoring locations
- We monitor developments direct from the field and other sources, and update information daily
- Global Intake focuses on the world's hot spots, addressing the risks to those working in or visiting challenging environments
- Global Intake is secure, meaning all information and communications are fully protected
- Additional functions and ability to customise: AKE can build-in services such as monitoring and tracking
